She is also survived by her “cup of tea” and “cup of joy” her little dog Mickey.

Carmen grew up in West Texas. She played French horn and piano and attended Sul Ross University on a music scholarship. She also attended North Texas and U of H earning a degree in clinical psychology. She also worked with Clarence doing venture accounting.

Carmen loved traveling with Clarence. Together they visited Germany, Ireland, and many places in the U.S. and Canada.

She loved her family and was so happy to become a grandmother to Adelaide and Thalia.

She loved people. She could talk a blue streak to anyone.

She really loved Christmas. It will be strange this year without her.
