“ I have memories of the family welcoming me into their home for family gatherings. The memories go deep and forever. Danny and Pam both have always been willing to share their friendship being introduced to them through Amy many years back. I thought I might drive Danny sideways from playing that thing for hours. From back yard pool days to birthday partys the memories are plenty and great! You won't be forgotten but will be forever missed! Love and prayers to Pam, Nikki, Jeremy and their families. God Bless.

“ Danny is a proud man. He loves his family and I hope that brings them some piece of mind. He is a hard worker and was always there when someone needed something. I pray God Speed in your families healing. Love and hugs to you all. I did not use the past tense because the body is not here but Danny's wonderful memories will live forever.

“ I have to start this wall, with a great memory of Danny camping with us at Horsetooth, growing up. It was a rainy afternoon, but us kids still wanted to fish. We had a small pup tent set up, and had our fishing poles in pole holders watching them, waiting with anticipation to catch that biggest fish. Danny's pole moved, and we watched it to see if the fish was just nibbling, or taking the bait. ... Then it happened! BAM! The fish hit it hard, the pole bent all the way down, and out it came from the holder! It was on it's way down to the lake, with Danny chasing After it!!! He never did catch that pole! Off it went into the lake, with him coming back head hanging low and mad!! I think he really liked that pole..... I will miss you Danny, and so glad we re connected, after so many years apart. Love you forever.
