

Jack "Daby" L. Davis

September 15, 1944 - December 20, 2021

Jack (Daby) L. Davis 77, of Houston passed away December 20, 2021. Jack was born September 15, 1944, in San Antonio, Texas to William and Catherine. He is preceded in death by his parents and his older brother Duke. He is survived by his daughter, two grandsons, a son, a granddaughter, five siblings and numerous nieces and nephews.

Jack grew up in Houston and was a veteran of the Army and always proud of his MP service while serving in Germany.

A fitness enthusiast who always enjoyed a good workout with weights and walking, Jack could often be found traversing the streets of west Houston. He was an avid consumer of current events and enjoyed reading history as well.

Jack lived in his residence for over twenty years and enjoyed the attention and kindness of his neighbors and community. One of the best descriptions of Jack is from his friend Janie who reminded us that Jack “lived his life and danced to his own tune” and that those who knew him well knew how smart and knowledgeable he was.

We know Jack is happy that his community will continue to feed and care for the cats in the neighborhood just as he has been doing for the past several years.

The family wishes to express their deepest gratitude to the nurses, doctors and staff of both the VA Hospital and Houston Hospice for their extraordinary and devoted care of Jack during his battle with cancer.

Due to the surge in covid cases, a celebration for Jack will be held in the coming months. Until then, please keep Jack in your heart and prayers.
