“ I had the privilege of getting to know Jackie after moving into the house next door. She was always so kind, even brought me meals! We both shared a passion for antiques. I helped her sell some to make some money, and bought some from her as well. She also gave me a statue of a rooster that she loved. I cherish that statue, and have it displayed prominently. I always think of her and smile. I miss you Jackie. Seems like it was just yesterday that I saw you when you were working on Christmas presents for your grandkids and were so excited to show the progress. If I remember correctly you were knitting sweaters. I hope and pray all your family and friends are well. Love you

“ *Ms. Jackie always greeted us with her big smile. My children loved to run over and give her a big hug and loved on her dogs. She was always very encouraging, full of advices for children and dogs! I especially loved my visits with her, she made you feel welcome and special, she had a calming effect on those around her. We will miss seeing her wonderful face across the driveway from time to time. Although we are sad, we have peace that she is with the Lord.*

“ *I was introduced to Jackie several years ago when her daughter Suzann and started dating. It seems like it was yesterday. Jackie made me feel right at home and always went out of her way to make me feel comfortable and part of the family. I always have enjoyed her visits to our home and our visits to hers. I can see alot of Jackie in Suzann and it always makes me smile. Jackie was Suzann's best friend and she loved her with all her heart. Jakie always contributed and shared everything, always trying to help others. I will miss our talks and her old school sayings that always brought back wonderful memories of my parents. She was a wonderful woman and someone I looked up to. She raised three great children as a single mother with many a long day and hard work. I wish I could of spent more time with Jackie before she passed however we are never promised the next minute with someone. We love you Jackie and miss you so much. I am happy that now that you are in heaven and you have met my parents and my son. Please hug them for me.*

We love you.

“ Jackie has been a friend since her children and my daughter attended Pilgrim Lutheran School in Houston. I have great memories of garage sales and sitting in the yard talking with her and her mother at the house on Hazen St. Jackie was a friend always willing to help. In recent years we enjoyed our trips to East Texas; searching out great antiques or hitting a back road in search of a nursery or greenhouse. At the end of the day, we would bid adieu, head toward our homes excited over our finds and the camaraderie we had shared that day. Farewell and rest in peace my friend.

“ I met Jackie in the 5th grade at Memorial Drive Elementary School. One of my favorite memories is that she taught me how to ride her wonderful horse, "Mare". Never forgot that experience.Many good times followed during our "growing up years". ...Jackie was one of our attendants when Johnny and I married, way back in 1961. ...And then we had children; before you could turn around, we had grandchildren.....and then retirement. We've continued to enjoy our times together, fun and laughter. Recently, she and Johnny found a mutual interest: Ancient Egyptian History. Jackie visited just last week to view a full day of Johnny's wonderful pictures of Egypt. Yes.....we will miss our dear friend, Jackie."
