“ *My dearest and beloved Jennifer,*

*I am deeply grateful to destiny for allowing us to meet in this life. In my memory, it feels like it was just yesterday when we spoke for the first time—me coming home from work at night, and you on your balcony watering the plants in your garden. Your beautiful smile and warm personality reflected an angelic, kind, and friendly soul, as you always were.*

*Time passed, and when we least expected it, our relationship grew so close that it became more than friendship; it transformed into a love full of respect and affection. But destiny separated us. Yet even though we were parted, the love and tenderness you planted in my heart remain alive through your memory, ...my dearest and beloved Jennifer.*

“ Jennifer was a devoted friend and generous with her love and support. She cared for our mutual friend Dora in her final years, helping with Dora’s care and with her cats as well. Thank you Jennifer for being a great friend ❤️. Say hello to Dora for me.

*Family, I pray you feel the presence and comfort of Jesus as you mourn the loss of your loved one.*
