

## Jennifer Stacie Womack

April 10, 1978 - February 7, 2026

It is with heavy hearts that we announce the unexpected passing of our beloved daughter, Jennifer Stacie Womack, who passed away peacefully on February 7, 2026, at the age of 47.

Jennifer graduated from Mayde Creek High School and went on to earn her Bachelor of Science degree with honors from the University of Houston in 2004. She built a successful career in Real Estate Property Management, where she formed lifelong friendships with colleagues and business associates who valued not only her professionalism, but her sharp wit and generous spirit.

Jennifer was beautifully complex — kind and loving, brilliantly intelligent, goofy and sarcastic, emotional yet strong, always hopeful and full of heart. She embraced life with curiosity and adventure. Her passions included world travel, from scuba diving in exotic destinations to annual trips to the United Kingdom to visit her best friend Rachel. She cherished traveling to new places with her mom and Aunt Brenda and treasured the family tradition of floating the Comal River each year.

Her greatest joy in life was the unconditional love she shared with her niece, Brooke, and her beloved dogs — Duke, Dutch, Jules, Zeus, and Pope. Brooke and her dogs were the center of her world and brought her immeasurable

comfort and happiness. She also shared an unbreakable bond with her brother, Michael, who was not only her sibling but her best friend — a constant source of laughter, loyalty, and love throughout her life.

Jennifer shared a deeply personal and evolving relationship with the Lord — a faith she carried quietly but sincerely. We find peace in knowing she now rests in heaven with Jesus Christ by her side.

Jennifer will be deeply and profoundly missed by her family and the many friends whose lives she touched. She is survived by her mother, Debera Fontenot (Michael); her father, Mike Womack (Amber); her brother, Michael Womack (Elaine); and her cherished niece, Brooke Womack.

The family extends a heartfelt thank you to her coworkers at Link Logistics for their compassion and kindness — especially for ensuring her beloved dogs were cared for and lovingly rehomed.

In lieu of customary remembrances, memorial contributions may be made in Jennifer's memory to the animal shelter or rescue organization of your choice. A Celebration of Life will be held at a later date.

“ *I met Jennifer the first month she moved to Dallas. She very comically explained to me "Maybe I shouldve lived here for a while before buying my house in Lancaster" lol. We met on a jobsite/property. She was nice but very straightforward. "Lets do this, lets do that, dont include that, etc". That was 4 years ago and I never actually met her in person again, but I talked with Jennifer every week and sometimes daily on her portfolio from Cushman to Link Logistics. She showed me so many of the values I now hold deeply with our customers. Trust, transparency, and be funny and laugh. She always told me "You got my back, I got yours". Having a customer that you only have met once tell you she has your back, you will do anything for that person and as a company, we did! We all only get one life and Jennifer lived that life. She represented herself, her family and her colleagues the very best she could. She was a funny, witty, a go getter that loved what she did..... and was very good at it!*

“ I was so shocked to hear of Jennifer’s passing from her Uncle Les. She became a dear friend through the many stories and “Friendsgiving” event every year. She took great pride in feeding the masses and was a wonderful cook. It will sound silly but she loved how I made the traditional green bean casserole and I will always think of her when I make it again. Jennifer will be deeply missed by her friends, family and colleagues. My deepest condolences to her extended family.

*I had the privilege of hiring Jennifer, and from that very first day, we became instant friends. There was something special about her—an authenticity and warmth that made connecting with her feel completely natural and effortless.*

*Jennifer and I shared a love for "The Friends" series, and she had this wonderful habit of sending me clips from our favorite scenes, especially the iconic "pivot" moment. Those little messages always came at just the right time and never failed to make me smile. Even now, thinking about those shared laughs brings such comfort during this difficult time.*

*I will forever treasure our trip to San Francisco together. We made the Highway 1 coastal drive south, and I swear we laughed every single mile. Jennifer's infectious laughter created memories that I'll carry with me always. That trip perfectly captured who she was—adventurous, fun-loving, and someone who could find joy and humor in every moment we shared.*

*Jennifer was the kind of person who turned ordinary workdays into something brighter. She had that rare gift of making everyone around her feel valued and genuinely cared for. Her friendship was a treasure—built on shared laughter, mutual respect, and those perfect little moments of connection that made life richer.*

*The memory of her sending those "pivot" clips has kept me smiling since learning of her passing. It's such a perfect reflection of who Jennifer was—someone who found joy in simple things and made sure to share that joy with the people she cared about.*

*Jennifer, you were more than a colleague; you were a true friend who made such a meaningful impact on my life. Your kindness, your laughter, your adventurous spirit, and your genuine heart will be deeply missed. Thank you for all the smiles, the friendship, the unforgettable road trip, and the beautiful memories we created together.*

*Rest in peace, dear friend. You will never be forgotten.*
