“ John you will be truly missed. You were so generous and always ready to help. I remember once when I got a dinning set and I had no one to help me transport it to my apartment, you offered to use your truck to help me. You didn't just help me take it to my apartment but you made sure it made it inside the apartment. The news broke my heart. My condolences is with your family. Rest in Power John

“ I would like to express my condolences to the family. John was the company pit master and a great story teller. He told so many stories about him growing up in Kentucky. He let you know how it was and how it was going to be. John would have us laughing for hours with his facial & word expressions. His nickname for me was Red Squirrel for my love of nature and his love for eating nature. John(Atomic Dawg) Johnson was a good man and will be missed by many-Shinita P.(Red Squirrel)
