“ *John was a great coworker and I always enjoyed working with him over the years. He always made our Chicago team feel welcome in Houston. He was very passionate about his work and projects and enjoyed having fun too.*

May care and love of those around you provide comfort and peace to get you through the days ahead. My most sincere condolences.

“ John was a great friend and even greater opponent when it came to playing paintball. I'll never forget the time he hit me right between my mask and hat at 30 yards and popped me right in the middle of my forehead. Gonna miss you my friend I wish I would've called you or texted you more. Prayers for your family.

“ John should his humor in little ways each day. Most recently, he would have a new Zoom background each day to indicate what was happen that day. A dinosaur from Jurassic park on deadline day, the Brady Bunch living room as Mike Brady was also a proud architect. Your kindness and humor will be missed by all of us. - Jennifer

“ *John was so great to work with. I had the honor of working closely with him this last year and getting know him personally. He always brought a fun and unique dynamic to all conversations - from finding the latest news headlines no one knew about, poking fun at himself and creating friendly competitions on everything, even getting sign offs from clients - all to make people laugh. He will be so missed and I am so grateful for the time, while too short, that I got to work with him. My heart and prayers goes out to his family and I hope it brings comfort to know John was cared for, respected and loved by his peers. - Whitney*
