“ I worked for Shintech in logistics. Although I wasn't in the Houston office with Marcy I spoke with her daily. She was always living her life to her fullest outside of work and was a great asset of knowledge to utilize as i was just starting out. The world has lost a great ball of energy and spunk. She loved her family dearly she spoke of you all often. My prayers are going out to all her family and close friends.

“ My sister Marcy was a shining star in our family. After our sister Jerry Sue passed , she took over as the Host of our family holiday get togethers having them at whichever home she was living in at the time. She was a great cook and played the piano while our brothers Sam and Phil played guitar and we all sang. I joined her on 3 trips to Hawaii in recent years with friends, and even a girls cruise with friends from her high school class, and Sam was even on the first trip to Hawaii. And, when I was In a terrible car accident in 2009, she came and took me to her home in Houston and took care of me. She had a heart of Gold. We had so much fun thru the years. And when she got sick, I was there for her as much as I could be, and I love her very much. So many happy memories and I will miss her. 🥹
