Mari Krull Hall was born in Chicago, IL on September 1, 1951 to Gerald and Elizabeth Krull. She grew up in Elkhart IN, graduating from Elkhart High School. She attended Western Michigan University graduating with a degree in geology and obtained her MS Geology from University of Houston. Mari enthusiastically enjoyed life and her family. She worked as a geologist and later worked as a volunteer and Church admin at Fairfield Baptist Church. Mari enjoyed traveling, piloting her plane, scuba diving, and playing the piano. She was an avid learner, always interested in new ideas, books and projects, and willing to try the unfamiliar, recognizing the attempt was more important than success. She was a member of Community of Faith Church.

“ *My memory of Mari is when both her and Paul would come to Chick-fil-a and sit at the same table and eat together. They showed so much love for each other. Even when she wasn't able to do much Paul would wipe her face after she ate. She always had that smile. You will truly be missed. Love you all, Janneth*

“ *I first met my soon to be sister-in-law in spring of 1978. She was at Western University at the time. She was so bubbly and warm, and she was so genuine. She always put everyone at ease. Over the years, we had many fun and happy visits, some in Indiana and some in Texas. One particular winter, Paul and Mari were visiting at Christmas time. We were out on Christmas Eve. We were looking for a restaurant to have dinner. But everything had closed early. Finally we found an open Mexican restaurant. That was the beginning of our Christmas Eve tradition of having a Mexican Fiesta! We loved getting the families together. How we miss those good times. Rest in peace, dear Mari!*
