“ Mike and I were friends in high school and college, and I have many fond memories of the good times we shared with the gang. He was a gentle soul and had a sweet way about him. I still have the letters he sent to me during college. He always could make me laugh!

*I ran into him last month and, although we didn't have time for a long chat, I consider it a blessing that I was able to see him again before he passed. I guess the Holy Spirit was at work. Mike has been on my mind, especially this last week. My continued prayers for him, as well as the many family members and friends who will miss him.*

“ Our memories of Michael go back to the days when he and Kevin began their friendship in third grade. It was always great having him around in elementary, high school and beyond. He always had that great sense of humor and was so well liked. He will be missed. Our condolences to all of his family.
