“ *As the days and weeks pass may family and friends comfort each other. Proverbs 17:17 says, "A true friend shows love at all times. And is a brother who is born for times of distress" Grief can be so hard, but our special memories help us cope. Remembering a life well lived and loved.*

“ I went to High School with Paul. I don't think you could find a more honest, personable, polite person than Paul. We will all miss that incredible smile that he had which emitted warmth. I wish all the Best for his family and friends.

“ Paul was an intelligent , compassionate, fun, man. He was a loving husband to my Mom, Barbara Aubin. He was a fun loving Grandpa to my kids. He always had fun projects to do with our family. He was a conscientious conservationist. His back yard was an official “Wild Life Sanctuary” He took great pride with his beautiful backyard. Paul told us funny stories of his childhood and life adventures. We will miss him. Hoss, Mel, Josh, Janie, and Sam
