“ I don't even know where to start. Ralph and Georgia came into our lives with the marriage of their son Bud to our daughter Yasmina. And you never know how the relationship between "in-laws" can become "out-laws". But from the very beginning we were openly accepted as part of the family and it stayed that way for decades. We shared the highs and lows of any long term relationship: the birth of our grand daughters, high school and college graduations, marriages, the births of our great grand sons and great grand daughter, and the heartbreaking loss of Georgia. And all through these life events Ralph stood tall and strong like the Rock of Gibraltar. Highly principled, determined in his resolve, unquestioned moral character and unwavering conviction to his beliefs, Ralph was respected and admired by anyone who knew him. He leaves a void that cannot be filled but we take comfort in knowing that he and Georgia are together again. God bless you dear friend and may you rest in peace.

“ RIP Ralph! You were quite a fellow! All the years at Cameron Iron you were dedicated, driven for your manufacturing goals and taught several younger employees to strive to do the best job they could and to become a more knowledgeable and informed future supervisor or manager.

I would picture Ralph Walker with his cigar clenched in his teeth, hands on his hips, telling someone exactly how they needed to do something! He was a great man to know, a friend to many of us and a good family man.

My condolences to Georgia and all his family in his loss. I know he will be missed but carried in your hearts forever!
