“ My heart is broken to hear of Robert's passing. I only found out today, so long after he passed. I have many memories of Robert, as I worked for him for many many years under his direct supervision at the City of Houston. I am so sorry for your loss, he was a great man and he loved his family deeply. Before my employment at the city, I worked for a home builder and did day to day business permitting for them. Robert begged me time and again to come work for him. I laughed each time and professed "NO WAY, HAVE YOU LOST YOUR MIND? WHY would I do that?" lol He was relentless, and it became a joke between us..until one day during the housing market crisis, he happened to catch me on just the right day (single mom raising 2 kids in school) a day I was worried that I would be out of work soon. On that day I said "FINE, how do I apply"? He was much more excited than I was. He was my first supervisor (I am now in my 14th year and now as an Investigator for Floodplain Management) Robert set the bar HIGH, he taught me so much and always had so much compassion and PATIENCE with me (I MIGHT have been a problem child for him haha) He will always be in my heart with fond memories. My thoughts and prayers go out to each of you during this difficult time and beyond.

Sincerely,
Leah High

“ Dear Judy you and your family are in my prayers. Robert was one of the good guys and I know he is enjoying his just reward right now. Robert and I worked together for many years for Kingsbridge MUD. I enjoyed working as the bookkeeper and he the President of The Board because he was always fair, understanding and knowable; willing to help with all my questions or comments. He made my life easier. Bless your soul, Robert and thank you for the time we shared!

Warmly,

“ My heart goes out to you and your family, Judy. Every memory I have of you and Robert is filled with warmth and laughter. Robert touched so many lives. May all the communities he reached out to and supported in life, return that love to you and your family now in ways that comfort your spirit and carry you through this, one day at a time. In sympathy and friendship. Ann Bugh.

“ It was a blessing to have known Robert. Seems like we all grew up together. Robert always knew the answer to anything you asked - whether it was about the Astros or any sport, or neighborhood problem and about the city of Houston. Stan and I always enjoyed all of our get togethers at the Daskos and especially our lunches and dinners out. Robert we love you and will see you in our next life - maybe the Astros will bring home the championship again!

“ I will miss Robert's perpetual smile. I don't think I ever saw him without it. What a great man. Always there if you needed help, always there to answer any question. Just a all around wonderful person. I will miss him.

Judy, Patrick and family my heart is heavy. I will pray for all of you.

“ *I have always been proud to call Robert my big brother. He and Ronnie were always there for me since the good ole days at Carroll HS. Memories of our trip from Corpus to Houston to watch the Astros always makes me smile. Gone but will never be forgotten. Rest in Peace, brother.*
