“ It all started in Belleville on Linden Ave. Steve was known as a guy you won't "mess with".  
Can't believe the pic's especially when Steve was younger as we remember him.

*I'm just now learning of Steve's passing. Steve was in my aviation maintenance class. We started on Feb. 22, 1994 and graduated together 15 months later. Spending 5 days a week, 8 hours a day for 15 months, we got to be good friends but after we graduated and he moved to the NW, we lost touch. It saddens me to learn of his passing. Can someone be so kind to tell me what happened to him?*

“ *Connie - We are so sorry for your loss and we mourn Steve's passing with you. We only hope that in some small way the love and support that are sent to you will provide you with comfort and strength. We will always remember the New Year's Eve we spent together with you, Steve, Deborah and Russell and set off fireworks near our house. Steve seemed just as excited as Ajay to be setting them off that night. What a great night that was!!*

*Keep close to you the thought that life is not about the destination, but all about the journey and that you were lucky enough to have spent this part of your journey with Steve.*

*We love you,*

“ *Connie - To say Steve was a good person and good friend is an understatement. I first met Steve back in 1983 when we both started the Utility Fuels adventure! Our friendship endured over the years in both good times and bad. Steve could always make you laugh when you were sad. When he entered the room you knew the party was only going to get better! Our deep loss here on Earth is Heaven's gain! John*

“ Connie - I don't remember the exact first day I met Steve at Enterprise some time in 1985. I remember that his great sense of humor immediately opened a friendship between us. I also remember when he told me about meeting you around the pool at the condo - months later you were married. If I wrote about all of the things we did together, many funny, a few not so funny, it would take 10 web pages. The main event that I think will always stick in our (Suzanne and my) minds is when he was visiting us in Burluson and Suzanne almost burned the kitchen down with a grease fire - it was only because Steve asked "don't you have a fire extinguisher" that it was put out before serious damage was done (he also did the extinguishing). We have all had many good laughs about that one since then. That's the kind of guy he was - there when you needed him. The absence of his humor, compassion and just being Steve, leaves a huge hole in our lives. So, as he would say whenever we hung up on a long distance phone call "and leave it on!" - Ray

“ We are neighbors and I can't remember a day that I would see Steve without a cheerful smile or kind words. He would always compliment me on the flower bed I was always working on. Connie, Robert and I are deeply saddened to hear of this terrible loss; and we extend our deepest sympathy and prayers to you and his family. With a deep and common understanding of such a tragic loss and we pray that God will bless you with gentle moments and sweetest memories of your special angel Steve. May God hold you in the palms of his hands and give you strength to carry on. Hugs and God's Blessings. Eve and Robert Bennett

“ Steve will forever be known to me and many friends as the Chair and head member of the Rules Committee, reigning over the annual white elephant gift exchange at my Christmas party. I will never forget the first year Steve attended and all the subsequent years. He loved this party so and honestly wish I'd had just one more for Steve. He'll always have a place as the head of the Rules Committee. He wanted to make sure we did not stray off course exchanging gifts and I got a huge kick out of the fervor at which he approached this event. So, I created the Rules Committee in his honor, and even had Judge buttons made which Steve wore with pride. I think many guests will remember him standing up reviewing the rules with great sincerity. It made my heart sing. What a funny and dear man. Much love to Connie and the rest of the family.

“YO!!!!, Steve, (That's how we began all our conversations!)

*I'm going to miss you. I'll miss our weekday calls and our talks about politics and Katrina people.*

*I met you when you were fifteen years old when I met Guy and there are so many fond memories throughout these past forty-five years!*

*The letters to and from Arabia, the stories you told when you came home, the veal cutlets and fettuccine and pies I made for you and Guy Jacob and I meeting you in San Francisco was the high point! Driving in Neal and you showing us the Cliff House and the buffalo are things we will never forge but seeing the "BUSH MAN" is tops on our list!!!!*

*"Adios, mi amigo!" (That's how we ended our conversations) and "TIME FOR PIE" !!!!! from all the family dinners with ma and dad and the family!*

*All our thoughts of you will be pleasant and we will always remember all the laughter we shared throughout these the forty-five years!!!*
